Comment from Bruce Draconarius of Mistholme (Batonvert) at 2017-05-11 19:08:13

Cf. the device of Sigrún Magnúsdóttir (reg. March 1983 via An Tir), Argent, a red fox sejant to sinister regardant proper. [Vulpes vulgaris] One DC for the field; nothing for the head posture; nothing for charge tincture. Conflict hinges on the difference between an enfield and a fox. And sadly, that appears to be nothing:

We do not grant difference between an enfield and a canine, since the only difference is the eagle talons replacing the canid fore-legs on an enfield, by precedent. [Ademar de Chartres, LoAR of Dec 2009]

The precedent mentioned here is the ruling on Anacletus McTerlach, LoAR of July 2004; it was confirmed as recently as the LoAR of Feb 2013, in the return of Edmund Roland.

Adding a bordure gules would clear this, but then bring it into conflict with Rowan Keele (reg. June 2004 via An Tir), Checky sable and Or, a fox sejant to sinister within a bordure gules.

Clement von Eicke: Argent, a chevron engrailed between three ravens sable East, November 2006

Freydis in tryggva Sigurðardóttir, Or, a chevron between three birds close sable Middle, Feb 2001

In each of these conflicts, there is only one DC. The first two have changes to the type of secondary, the third a change to the primary, and the fourth a change to the Original return September 2016.

**Tryggr járngeirr Ingvarsson (Calafia) – Resub Laurel Device.** *Quarterly vert and gules, a pike embowed per pale Or and argent and in base two spears in chevron inverted Or bladed argent.*

OSCAR finds the name registered exactly as it appears in January of 2012, via Caid.

this redesign corrects the reason for the return on the Feb 2017 LoAR

\* Tryggr járngeirr Ingvarsson. Device. Quarterly vert and gules, in chief a pike embowed counterchanged Or and argent, in base two spears in chevron inverted Or, bladed argent. This device is returned for violating SENA A3D2c, Unity of Posture and Orientation, which states "The charges within a charge group should be in either identical postures/orientations or an arrangement that includes posture/orientation" The charges here are not in a unified arrangement, as the arrangement of the spears has to be described independently of the arrangement of the pike.

**Ulrich Ulrecht – Kingdom Resub Device. (Calafia)** *Quarterly azure and purpure, on a fret Or a key inverted bendwise sable.*

This is a kingdom resub from June 2013 Per bend sinister purpure and azure a fret and a bordure Or which was in conflict with Stephen Trahern: Gyronny sable and gules, a fret coupé within a bordure Or (Coupé vs. Throughout) would indicate that a fret and a fret coupé have no difference. Could not make contact with conflict so this is a slight redesign that clears the conflict.
